100 Facts About Egypt N° 89

Egypt's anti-AIDS program is one of the most successful in the Middle East and Africa.

- Less than one percent of Egypt's population is estimated to be HIV-positive.

USE/CES/TEL
UNIT

- Egypt's National AIDS Program works to keep the prevalence rate low through awareness, peer education, counseling, and testing services.
- In 2006, Cairo hosted a three-day UNAIDS-supported workshop on HIV/AIDS and drug use in the region. The workshop included representatives of governments, non-governmental organizations, and research programs from throughout the Arab world.
